Every Child · Every Chance · Every Day

March 23, 2020

As you are likely aware, Governor Northam has announced that all K-12 schools would be closed for the remainder of the school year. Your patience and cooperation is appreciated as we gather information from our families and work with division leadership to make plans for learning to continue.

We will continue to offer meals each week on Mondays and Thursdays from 4-7 p.m. Any changes will be communicated through our alert system. These meals are available for all students under the age of 18 with no forms to complete or income verification required.

We have been diligently preparing at the division level to provide instruction in various ways to prepare for this circumstance. As we work through the transition to provide learning from a distance, we request patience and flexibility.

I realize that you have many questions regarding next steps, future events, graduation requirements, gathering items from school, and other important details. While we are awaiting additional guidance and making plans, I ask again for your patience as we plan for each of these items and many more. We will communicate information to you as soon as it becomes available.

This is disappointing on many levels, but the most important thing right now is that our students, staff, families, and community remain safe. We are disheartened that we will not get to see our students in person each day, but school will continue in a different form while maintaining those connections that were created in our classrooms. We again request patience as we work through this transition and have complete confidence in the educators of Greene to make learning from a distance the best that it can be for our students. Please know that as we plan, we will also determine how we will celebrate with the Class of 2020 in the future.
